This volume got done a lot faster than expected,
but I guess that's a good thing.

Volume 4 definitely ***won't*** come as soon after as
this one did, so please don't get your hopes up.

I don't have much to say on this page for this volume,
other than the same as before:
Please join our server, moral support is
what gets me to work faster, I swear.
If you just bug me enough, ***maybe*** volume 4
will come along sooner than later.
Who knows.

To join the server, use the invite code below
or the link on our mangadex group page.

Graceful white

Kotteri!

Whether they be holding your wrist, watching the city from above,
nestled against your chest close to the heart...
"Watches and clocks have the right to be whatever
they want, wherever it may be."
In fact, the watch that would be around my wrist
is now around my ankle.
It still counts the seconds down as seriously as ever.

Enchantée

Do you mind if I touch it?

Your face.

May I ask **why**?

...

Or the grand-mother, perhaps...

Hehe...

..you might be a wolf after all...

Be-cause...

It's rather embarrassing...

I still don't know your face, mind you.

So... May I?

That's right! I get it now.

Ah...

Stand up straight.

By all means.

Of course...

Uhm...

Your shoulder, if I may?

Where-abouts are you?

Oof!

べた

ペト

!

Ah... Your eyes...

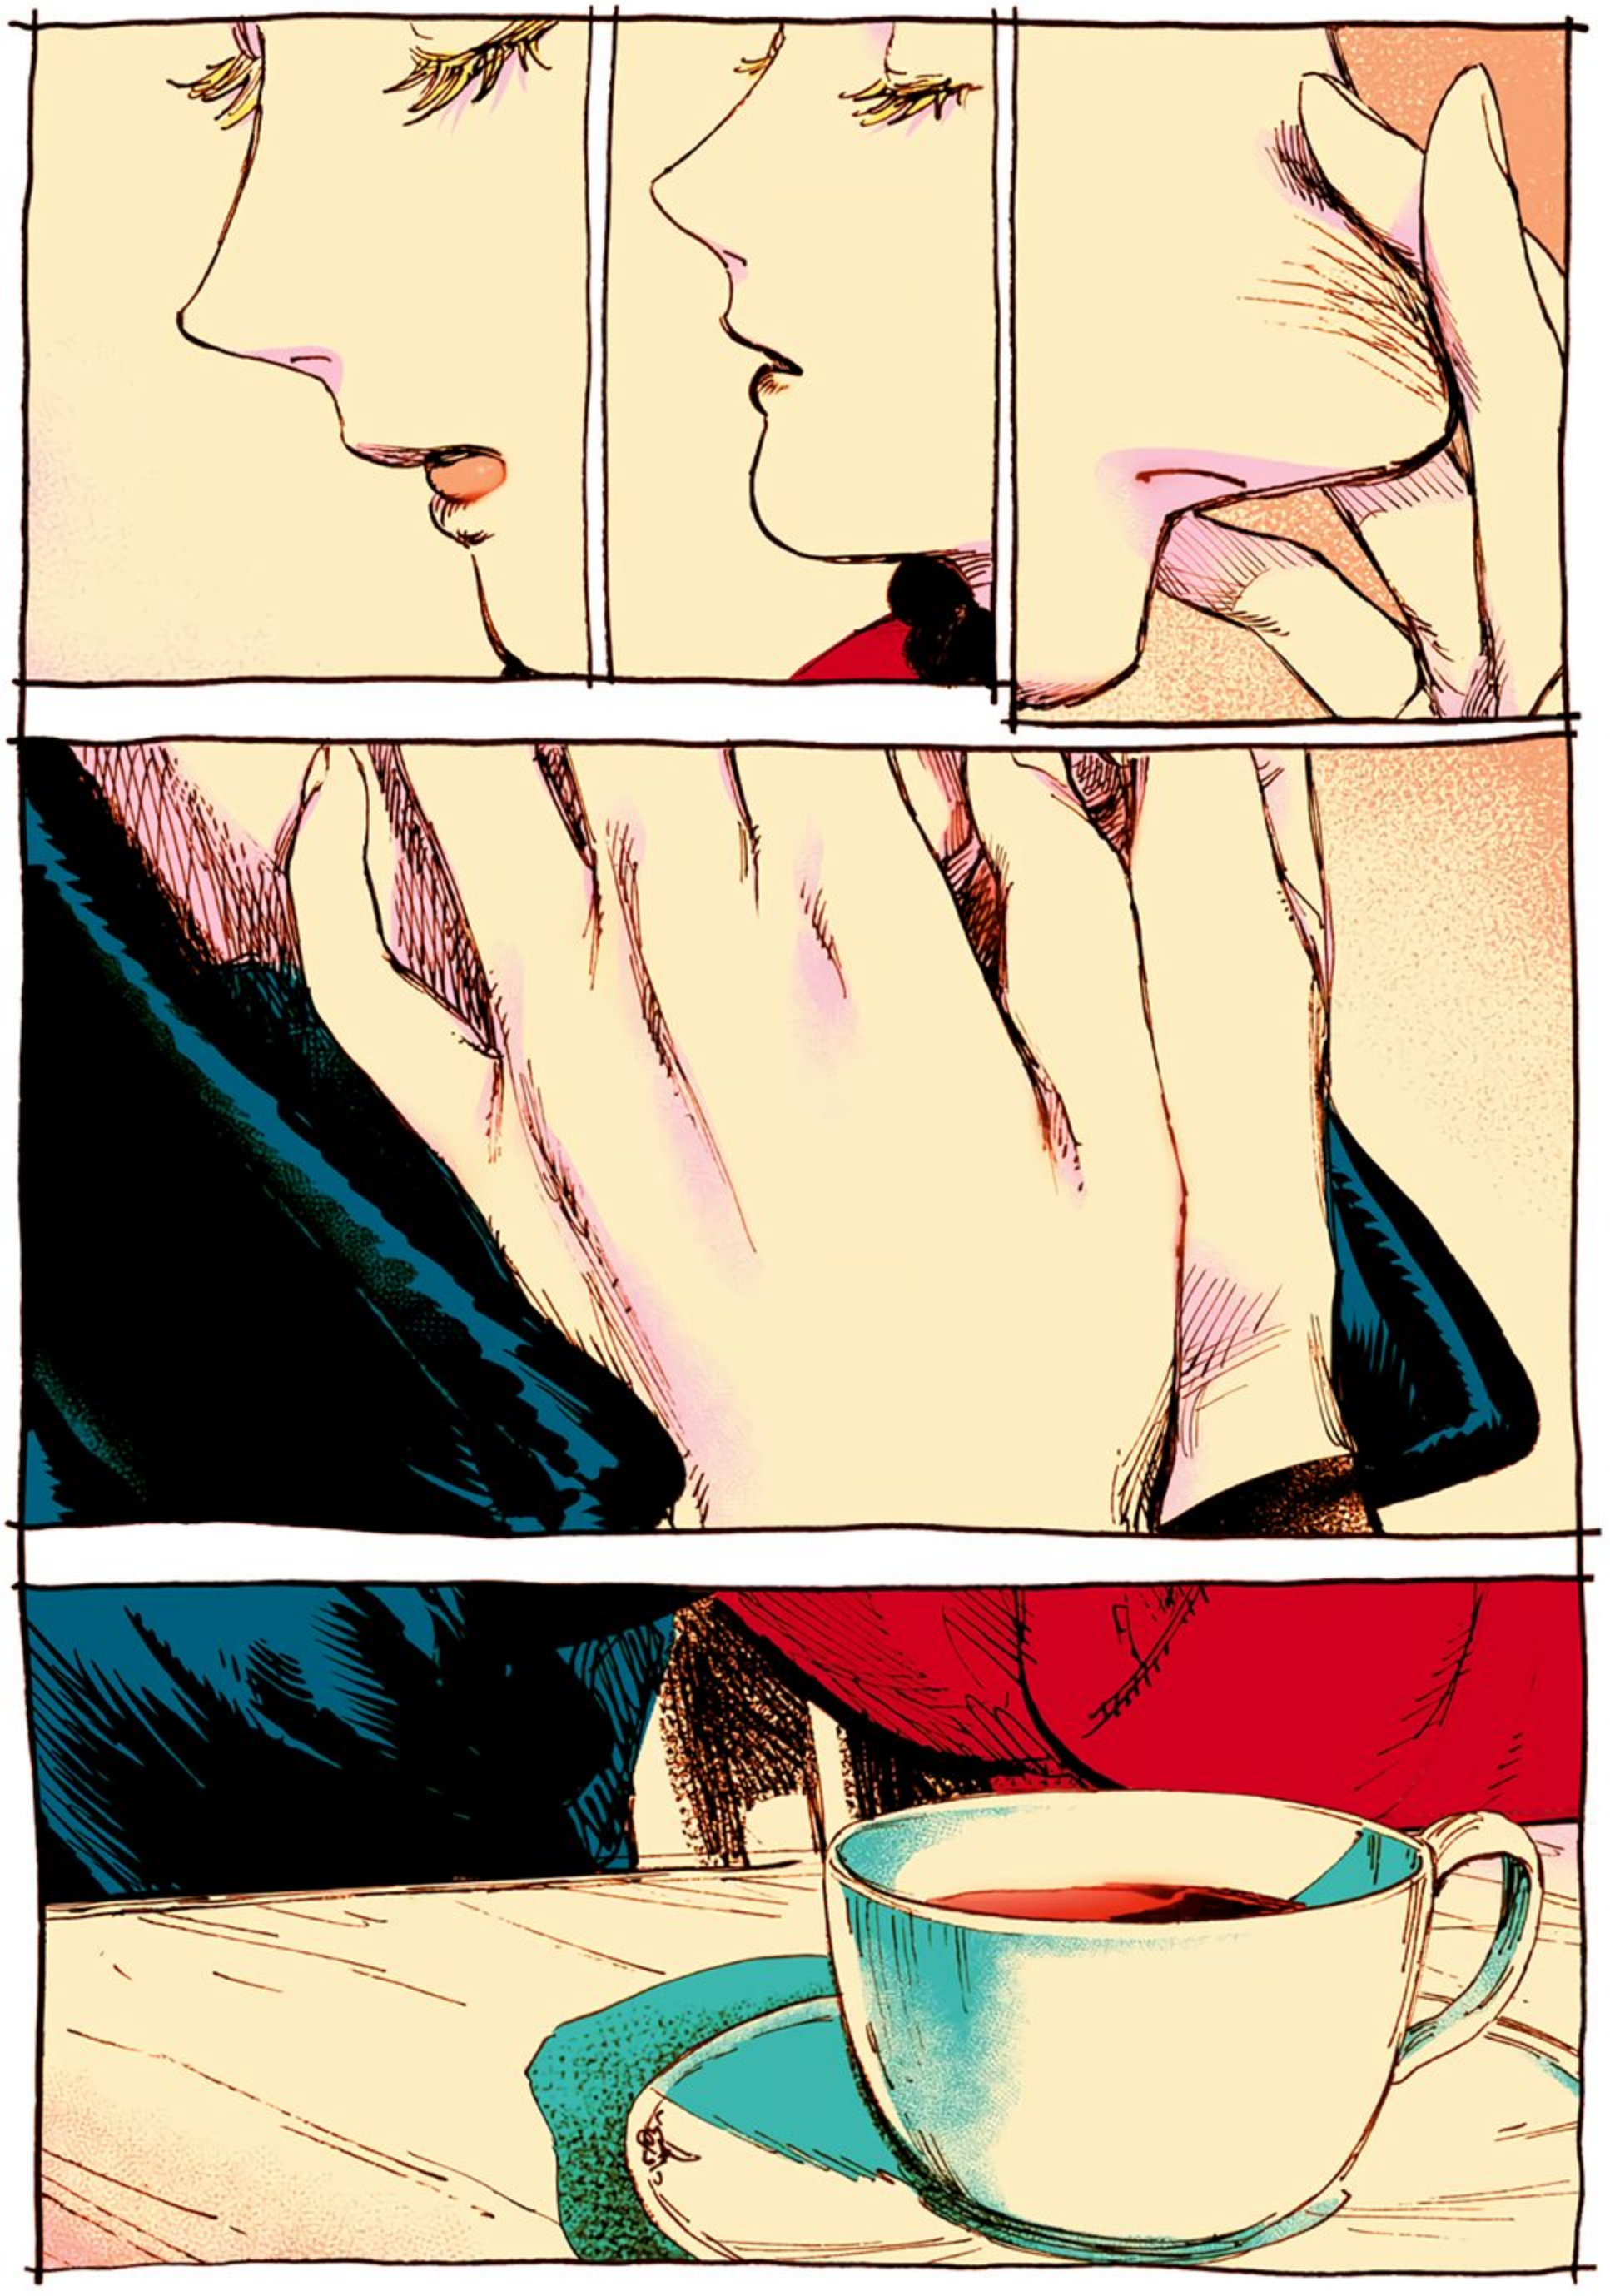
さわ

さわ

さわ

Your nose is so different from mine.

You're certainly a man.



Indeed.

Have I been cleared?

Many thanks.

I'm often told I have a mean glare...

Ah, about my eyes...

And no large mouth either...

No big ears...

No big teeth...

Defi-
nitely
not.

Any who say
that have
never **truly**
looked at you.

Of
course.

Alright.

Your
turn
now.

To be
continued,
okay?

But
before
that,
do tell
me...

...where
you'll touch
first.

You should
know my face
properly, too.

Sorry...?

Let's see...

Can I touch your left cheek?

Alright...

Done already?

Oh...?

Mm.

"To be continued", right?

Well, same here.
